Rating system:

**Unrated** – player has little or no experience with playing in tournaments. Still working primarily on getting the ball into play and needs on-court experience. This player has obvious weakness in controlling the ball but is familiar with basic fundamentals of passing, setting, hitting and serving. More advanced Unrated players are quickly learning to judge where the ball is going although court coverage is weak. This player may also sustain a short rally of slow pace with other players of the same ability.

**B** – player has achieved improved ball control, dependability with directional control on moderate shots, but still lacks depth and variety. This player exhibits more aggressive net play, has improved court coverage, and is developing defensive strategy.

**A** – player has begun to master the use of power and shots and is beginning to handle, has sound footwork, can control depth of shots, and is beginning to vary game plan according to opponents.

**AA** – player has developed power and/or consistency as a major weapon. This player can vary strategies and styles of play in a competitive situation and hits dependable shots in a stress situation.

**AAA** – player typically has had intensive training for national tournament competition at the collegiate and semi-pro levels and has obtained a regional and/or national ranking.
